**PEI ONE-TIME
CHANGES**

Item	PEI Plan	Program budget line item	FY13	FY14	Change
(25)	P4	FQHC - one-time funding. In FY2013 the MHD recommended use of one-time MHSA funding to support FQHC clinic implementation of behavioral health services. The MHD proposes to continue funding in FY2014 increasing the amount from \$1,000,000 to up to \$2,500,000. This funding will address a projected revenue shortfall in this service. The FQHC clinic-based behavioral health implementation was implemented in FY2010. At the time the program was planned to be exclusively financed through Medi-Cal and/or Medicare reimbursement. No new funds were committed to support the program. Given that the MDs and Clinicians are serving over 5,000 clients, fulfilling a critical service need for the Health and Hospital system, it is important to consider further commitment of MHSA to this valuable service. Over the FY2014 the MHD will track the impact of Health Care Reform, and particularly Medi-Cal expansion, on the financial model that was designed for this program. This analysis, along with outcome data on client outcomes will be an important service model to raise during the FY15 MHSA Three-Year Planning process to be initiated in the coming year.	\$ 1,000,000	\$2,500,000	\$1,500,000
(26)	P4	IMPACT Training for Practitioners 3. IMPACT training (with University of Washington) needs to extended into FY2014 to accommodate the training needs of those clinicians who will need to finish their PST training in after June 30, 2013; as well as to extend the opportunity for the psychiatry consultation model technical assistance to continue into FY14, allowing SCCVMC more time to consolidate on its own model of psychiatric consultation, which will not be identified by June 30, 2013. This contract extension also hopes to realize additional PST training opportunities for any new hires who may join the VMC FQHC behavioral health clinics should funding allow. In FY13, MHD allocated \$198,676 for "IMPACT training to Practitioners" however all of trainings slated during FY2013 has not been completed. There is approximately \$102,000 balance left in the University of Washington contract which the MHD proposes to continue to fund on a one-time basis in FY14 to be able to complete the training activities mentioned above.	\$ 198,676	\$ 102,000	\$ (96,676)
(27)	P4	Adult/Older Adult PEI Services: In FY12, as a one-time measure, \$200,000 of PEI funds were distributed across eight different community mental health service providers to provide outpatient Prevention and Early Intervention (PEI) services to individuals who had been involved with the specialty mental health system for less than 12 months. It is proposed to continue one-time funding at the same level for FY14.	\$ 200,000	\$ 200,000	\$ -
(28)	P5	Evaluation Services: Propose new one-time funds to: a) Develop an evaluation dashboard; and b) Conduct a sampling survey on awareness, knowledge and attitudes regarding suicide prevention and crisis.	N/A	\$ 58,375	#VALUE!
(29)	P5	Community Education and Information: Propose additional one-time funds to: a) Carry out public awareness campaign of county crisis line through buses, digital mall advertisement, and expansion of ethnic media outreach; b) Develop and implement a long-term media plan that includes a sub-brand (SCC Suicide Prevention) and marketing tools in multiple languages (Spanish, Vietnamese, Tagalog, Chinese and English); c) Mini-grants to fund suicide prevention in high risk communities; and d) Non-profit agency to administer and manager the over 50 trained QPR instructor pool.	N/A	\$ 213,000	#VALUE!
(30)	P5	Consultants for Strategy 4 and 5: 3. Additional funds are needed for strategies four and five of PEI P5. Strategy Four is to implement policy and governance advocacy to promote systems change in suicide awareness while strategy five addresses data collection.	N/A	\$ 2,000	#VALUE!
