

**Santa Clara County Mental Health Board**  
**Executive Committee Meeting**  
**Chair's Report**  
**June 22, 2012**

- I will miss the July 9, 2012 Mental Health Board Meeting and need to make sure we have a presiding officer.
- Every Mental Health Board member must complete ethics training. Please review the recent information Llolanda Ulloa sent about when you must complete this training by.
- In October the American Foundation for Suicide Prevention (AFSP) will have their annual Out of the Darkness community walk in Santa Clara County. This will only be the second time our county has hosted this walk. The organizers are hoping for a great turn out so we can continue this walk in our county every year.
- CALMH B/C is having their quarterly meeting in San Jose at the Holiday Inn (1350 North First Street) today and tomorrow. If you can, please attend.
- One of the California statewide initiatives, the Student Mental Health Initiative, has recently seen much activity. Campus based grants were issued by California Community College systems and the California State University system. In Santa Clara County San Jose State University, West Valley Community College and Gavilan College have or are received grants.
- I'd like to know if the Board of Supervisors has had any comments or reactions to the Mental Health Boards' recently submitted reports, both the annual report and the school realignment report with recommendations. If Supervisor Shirakawa's representative is at this (The Executive Board) meeting he will be asked.
