## Next Steps for the FY2022 MHSA Annual Update Process

### Continue

In the meantime, continue MHSA programming for FY2022. However, the Draft Plan will include recommended adjustments, which will be presented at an informational meeting on April 15.

### Defer

The necessary budget reduction to the County's MHSA Plan will be deferred to the FY2023 MHSA Annual Update Process. BHSD will work with stakeholders to develop a fiscally sustainable MHSA Plan to prepare for when MHSA revenue is expected to decrease in future years.

### Convene

MHSA SLC Planning meetings in July 2021 to initiate the FY2023 MHSA Annual Update Process.

For the FY22 Annual Update, BHSD recommends reallocating MHSA funds from TAY IFSP to TAY Outpatient to increase the TAY Outpatient by 10 slots. The reallocation will result in moving funds from TAY IFSP to TAY OP in the amount of \$31,777 on a one-time basis for the FY22 Annual Update. During the FY23 Annual Update process, commencing in a few months, revisit the need and assess ongoing plans for IFSP TAY and TAY OP.	<i>There is no fiscal impact related to this programmatic adjustment.</i>
