CalMHSA Stigma & Discrimination Reduction
United Advocates for Children and Families

The California Mental Health Services Authority (CalMHSA) is an organization of county governments working to improve mental health outcomes for individuals, families and communities. Prevention and Early Intervention programs implemented by CalMHSA are funded through the voter approved Mental Health Services Act (Prop. 63). Proposition 63 provides the funding and framework needed to expand mental health services to previously underserved populations and all of California's diverse communities.
