

# Petition to Make Sure Marijuana Dispensaries are at Least One Mile from Any School, City Community Center, Libraries and wherever Youth Traditionally Hang Out

“We, the undersigned, hereby petition to support the Santa Clara County Friday Night Live youth leadership club of Voices United at Lincoln High School, to make sure marijuana dispensaries are at least one mile from any school, City community center, libraries and wherever youth traditionally hang out.”

The Friday Night Live club did an anonymous survey of 186 students at their school and found 95% of them know it is ‘easy’ or ‘really easy’ for students to obtain marijuana. Greater availability and easy access creates greater use among youth. To support the health and wellness of their fellow students and the school environment of all students, sign this petition to be submitted to San Jose City Council.
